# 2023-2024 Year Plan

## Letter from the Position

To build off progress made last year, I just want to continue to lay out a solid framework for future CROs to build off of. Last year I worked a lot on organizing contacts at the registrar for obtaining voters lists for sub-society elections. I may try to work in "election turn out" into the new loyalty pass we have and have a rewards system for voting (ie random draw). Also create a standardized forms for program elections
